

California Coalition on
Workers' Compensation

RENEW YOUR MEMBERSHIP TODAY, IMPACT TOMORROW

Creating a more balanced, efficient and stable workers' compensation system is our singular focus.

In the last 5 years, **California Coalition on Workers' Compensation** defeated problematic WC legislation that would have cost employers

**\$2.265+
Billion**

Cost projections by CalChamber (2019-2024)

California has the highest workers' compensation premium of any state in the country. Your business and your employees deserve a more balanced system. Workers' compensation insurance is a requirement for employers in California that too often challenges the fiscal well-being of the businesses it is meant to protect. CCWC is working to create a more just and impartial system — for employers, for employees, and for California. **Join us.**

ADVOCACY

Our member-driven advocacy program shapes policy from the employer's perspective

EDUCATION

Access expert insight to help your business navigate workers' compensation issues

CONNECTION

Network and engage with like-minded colleagues and business executives

True progress comes from a strong presence at the Capitol, where a trusted voice can guide legislative change that supports the two foundations of our system: employees and employers.

BRIAN ARNOLD

Chair, CCWC; Claims Director, World Insurance Associates LLC
